## NAZIS CLAIM BREAK INTO CRIMEA AREA

Strike At Russia's Black Sea Naval Base Of Sevastopol

## REPORT GERMANS AT ROSTOV GATES

Reds Admit Danger But Scoff At Germans' "Victory Before Winter"

(By Associated Press)  
German troops were reported to have scored a break-through today into the Crimea peninsula, site of Russia's Black sea naval base of Sevastopol, while other Nazi columns stormed at the gates of Rostov-on-Don in what appeared to be a climactic phase of the four-month-old battle of the Ukraine. Soviet dispatches said Red army engineers were already planting death-trap mines in Rostov and preparing to leave the city of 500,000 a smoking ruin.

**Ten Miles From Port**  
The main German attacking column was said to be only 10 miles from the center of the big Don river port, which guards the northern approach to the Caucasus oil fields. In Berlin Nazi military commentators said that once the city had fallen, the way would be open for swift armored divisions to strike south toward the nerve center of the oil region at Maikop, 175 miles below Rostov.

The Russian newspaper Pravda acknowledged "great danger" at Moscow, the Donets basin, the Crimea and Rostov, but declared that Adolf Hitler's prediction of victory before winter had collapsed. Pravda said the Nazi high command had thrown almost the entire German land army, artillery and tanks, and nine-tenths of the air force into the Russian campaign.

"The enemy has not yet been halted. He is still pressing on despite heroic resistance and counter-attacks by the Red army, which is strewing the route of advance of the Nazi troops with heaps of German corpses."

**Crucial Period Looms**  
Travelers arriving outside the U. S. S. R. from Kuibyshev, auxiliary Soviet capital, said the first 15 days of November would probably be the most crucial period in Russia's struggle.

A bulletin from Adolf Hitler's field headquarters said that three German divisions—about 60,000 men—succeeded in breaking through Red army defenses into the Crimea.

## Her 1,000th Kiss

Henry Fonda, Olivia De Havilland

If there is an authority on kissing in Hollywood, it may well be Olivia De Havilland, screen actress. Miss De Havilland, shown being kissed by Actor Henry Fonda, is recording, for the camera, her 1000th kiss since entering the movies. The actress has appeared in 23 pictures and always has played in dramatic roles.

## HAS MAP PROOF F. D. R. ASSERTS

Cannot Reveal It For Fear Of Endangering "Lives Of Some People"

(By Associated Press)  
WASHINGTON, Oct. 29.—President Roosevelt says he has ample proof of his charge that Nazi Germany has secret plans to divide up South and Central America into five "vassal" states as part of its "new world order."

But disclosure of supporting documents in his possession apparently will have to wait—perhaps until after the war is over.

The chief executive told his press conference late yesterday that the lives of some people might be endangered and scores of future information destroyed if he were to publish the secret Nazi map which he mentioned in his Navy day address. In that speech Mr. Roosevelt said the map of a partitioned Latin America had been made in Germany by "Hitler's planners" but had since come into the possession of this government.

In response to further questions he refused to name the five "vassal" states, but reiterated that under the German plan 14 countries comprising all of South America and part of Central America would have their boundaries changed.

BERLIN, Oct. 29.—German spokesmen, still turning over President Roosevelt's Navy day speech, challenged the President today to produce a map which he said revealed German aspirations in South America.

If such a map exists, the spokesmen challenged the President to prove it authentic.

## MELITSCHKA JOINS ARMY AIR CORPS

Matt Melitschka, 21, of 752 Arch st., is among 13 district youths who yesterday joined the U. S. army air corps and will leave for Columbus to pass final exams Thursday afternoon.

Melitschka is the son of Mr. and Mrs. Mathias A. Melitschka. He is the first to enroll in the air corps in the new army enlistment campaign which was launched officially here Monday night at a rally in the Memorial building. Capt. F. O. Mavis, air corps recruiting officer who spoke, will return here for another public meeting on Nov. 18.

Others enlisting yesterday are 11 Youngstown men and Fred Tozer of 137 W. Martin st., East Palestine. Melitschka probably will be sent to Jefferson barracks, Mo., for further training, it was announced by Sgt. B. E. Toothman, post-office bldg., Youngstown.

## Greenford Man Is Hurt As Car Is Overturned

Paul Shirley of Greenford received a broken nose and cuts and bruises when the automobile in which he was riding failed to make a turn on Route 62 near the Brooks farm, just north of Salem, and overturned shortly before 5:30 p. m. Tuesday.

He was treated at City hospital. Arlin Hendricks of Greenford, driver of the machine, escaped unhurt.

## ARREST YOUTH FOR SABOTAGE OF AIRPLANES

FBI Gets Confession From Employee At Glenn L. Martin Plant

## TRACES BREAKAGE FROM LAST JULY 1

Prisoner Didn't Want To See German People Harmed By Planes

(By Associated Press)  
BALTIMORE, Oct. 29.—E. A. Soucy, special agent in charge of the Baltimore bureau of the Federal Bureau of Investigation, announced today the arrest of Michael William Etzel, 22, for what he said was admitted sabotage against airplanes at the Glenn L. Martin plant, where he had been employed since August, 1939.

Soucy said Etzel made a statement to F. B. I. and company officials saying:

"I feel that German people are all right and that everything is the fault of the German government, not the people themselves, and I did not want these planes we are making at the Martin plant to be used against the German people, so I damaged the ships."

Soucy said Etzel was arrested yesterday and would be arraigned later today before U. S. Commissioner James K. Cullen. U. S. Attorney Bernard J. Flynn authorized the filing of a complaint charging Etzel with violating the sabotage statute.

Soucy, declaring that Etzel was the first such case in this vital defense area, said his implication "was on the outgrowth of a check being made to determine the identity of the individual responsible for a cardboard bearing blue and red penciled lettering and located in one of the B26 bombers, signed 'Heil Hitler'."

The F. B. I. agent added "the investigation leading to his arrest was the report of a series of wire cuttings starting early in July, 1941, damaging of vital electrical circuits and more recently the cutting of battery drain-off tubes."

"Fortunately, each of these malicious acts was detected by a rigid inspection system and constant investigating activity. Each of these acts was carefully concealed to avoid immediate detection, and their sporadic occurrence entailed continuous and unremitting coverage."

"The acts were carefully timed to cast suspicion on hundreds of employees, adding to the investigative difficulties."

The agent said Etzel's identification with the "Heil Hitler" sign was narrowed by elimination and methodical check of hundreds of employees and by the determination that Etzel previously had done sign painting.

## MUMMERS WILL VIE FOR CASH PRIZES

## NURSE NAMED BY RED CROSS

Miss Nellie Lewis, Former Salem Resident, Takes Post On Nov. 1

The appointment of Miss Nellie Lewis of Dayton, formerly of Salem, as Red Cross nurse to succeed Miss Martha Campbell, who resigned, was announced today by E. S. Dawson, chairman of the Salem Red Cross chapter.

Miss Lewis, who is the daughter of Mrs. Charles A. Lewis of 870 Liberty st., will take over her new duties Nov. 1.

The appointee, at one time nurse for the Salem public school district, was graduated from Lakeside hospital training school for nurses in 1919 and in 1938 received a certificate in public health nursing from Western Reserve university.

Miss Lewis also has three years of college credits at the Frances Payne Bolton school of nursing, Western Reserve, toward her bachelor of science degree.

Miss Lewis was nurse for the Salem school district for five years before going to India in 1922 where she remained for four years. Here, too, at that time she was in charge of crippled children's activities for the Rotary club.

In India she was engaged in nursing work at the American Friends mission.

## Says Mae Popped Question, And "Mister, I Was Ga-Ga!"

Vaudeville Hooper Wallace Asserts Screen Star Responsible For Much-Discussed Marriage

(By Associated Press)  
CINCINNATI, Oct. 29.—Mae West, the blonde and buxom screen star, was pictured today by her husband as the one who popped the question back in 1911.

He's Frank Wallace, vaudeville hooper currently billed at a Cincinnati nightclub in an adagio dance act.

Their marriage was disclosed in 1935 by WPA workers searching old court records in Milwaukee.

Miss West filed suit for divorce yesterday as a counter-complaint to Wallace's action seeking \$1,000 a month separate maintenance.

Wallace said the marriage followed a two-year courtship while the two were playing in "Florida Enchantment," a burlesque extravaganza.

## 86 Salem District Youths Will Take Exams In Canton

Eighty-six eligible men of the Salem draft board will be sent to Canton Friday, Nov. 14, to take their final army physical examinations under the army's new examining procedure, officials of the draft board announced today.

This is the first local group to participate in the army's streamlined medical program.

The men will board a large bus at 8 a. m. that day at the Memorial building draft board headquarters, returning to Salem late in the afternoon.

The quota of 86 includes Class 1-A draftees and 4-E (conscientious objectors) and those pending physical examinations. It is explained, Notices will be sent to the men.

The army examining station has been established in the Eagles

lodge building, S. Market ave. at Sixth st. in Canton.

Under the old plan, draftees were examined by local doctors and then examined a second time at the Cleveland induction station where strict physical army requirements sometimes caused a rejection of a youth who had been given the O. K. of his own physician.

After passing physical examinations at Canton Nov. 14, the Salem district youths will return to wait orders to report for induction into the U. S. Army.

Draft call No. 39 under the selective service program will take 17 men from the local draft board roster on Nov. 17.

## ARREST BELOIT MAN IN AUTO COLLISION

Miss Leeta Gibson of 1235 N. Ellsworth ave. suffered cuts about the knees when the automobile in which she was riding with Ruth Stamp of 205 W. Tenth st., was struck by another automobile at the intersection of N. Ellsworth ave. and Fifth st. at 7 p. m. Tuesday. She was treated at the Central Clinic.

Police arrested Paul Trimmer of R. D. 1, Beloit, driver of the other machine, who is reported to have failed to observe a stop sign on Fifth st.

He was charged with driving a car without an operator's license and drew a fine of \$25 and costs in Mayor Norman Phillips' court.

Police said he was driving a machine owned by Stanton Trimmer of R. D. 1, Beloit.

## NO DEFINITE ACTION TAKEN AFTER 3 HOURS

Min. Chief, Former Steel Head Meet At Roosevelt Suggestion

## CONGRESS LEADERS BECOME IMPATIENT

Today's Parley, As Result, Seen As Last-Chance Proposition

(By Associated Press)  
WASHINGTON, Oct. 29.—John L. Lewis and Myron C. Taylor conferred for three hours today in an effort to settle the captive coal mine strike involving 53,000 workers, but at the end of that time Lewis told reporters any announcement was at least another hour and a half distant.

At 1 p. m. they ordered lunch sent to the meeting place, Taylor's room in the Mayflower hotel.

Taylor, former board chairman of U. S. Steel, and Lewis, head of the United Mine Workers, met at President Roosevelt's suggestion.

## No Reply To F. D. R. Plea

As they met, the White House still had received no reply to Mr. Roosevelt's third appeal to Lewis to halt the strike, Secretary Stephen Early said.

Early disclosed that Taylor, together with Chairman William H. Davis of the defense mediation board, discussed the situation with Mr. Roosevelt last night at the White House.

Today's meeting had a last-chance quality about it, for President Roosevelt was considering action and congress, angry and impatient, seemed ready to take drastic steps to eliminate industrial walkouts.

In congressional eyes the captive mine dispute was rapidly becoming a symbol of the whole problem of work stoppages affecting defense, and the pressure for action increased with the overnight threat of a general strike of airplane factory workers in five eastern states.

**Dispute At Bendix, N. J.**  
The general strike threat arose from the protracted CIO dispute with Air Associates, Inc., at Bendix, N. J. Richard Frankenstein, national director of the CIO union involved, telegraphed President Roosevelt that unless the controversy could be settled to the union's satisfaction by Thursday, he had no recourse but to use the economic strength of the union to protect its members.

The sole issue in the captive mines dispute was the United Mine Workers' demand for a union shop in the coal shafts which the steel companies operate to obtain fuel for their blast furnaces. Under a union shop provision, each employee would have to become a member of the union after a period of probation. The dispute directly affects 53,000 miners, claimed to be 95 per cent organized by the U. M. W., whose strike became effective Monday in captive mines in Pennsylvania, West Virginia, Kentucky and Alabama.

## SOMETHING HAS BEEN ADDED

Throughout the dreary succession of strikes that have hindered defense there has been a new angle developing. That angle is of the utmost importance in the crisis that Joan L. Lewis and the steel companies have produced in the captive coal mine strike.

The United States government is a vitally interested third party in every work stoppage that affects defense production. It has abandoned its sometime role of interested spectator and become a participant. The captive coal mine strike is of more importance to the government than it is to the steel companies, who are nominally the antagonists facing Mr. Lewis.

No private company can halt production. Any attempt to do so would be followed immediately by seizure of its plant. There is only one way in which production can be stopped. That is for a labor leader to order a stoppage of work. He does not even need the excuse of an issue with the employer to do this. If he is sufficiently well entrenched in his own organization, he can call a strike whenever and wherever he chooses.

This is not new. It happens more frequently than it used to happen because more workmen have been organized and there are more union leaders than there used to be, but it is traditional that strike decisions are made from the top down. The power to call a work stoppage in the entire soft coal industry, for instance, rests in the hands of one man and a few advisers. Having exercised the power recently, Mr. Lewis is now cleaning up one of the consequences—the captive mines, which were not covered by the agreement that ended the coal strike of last spring.

A strike could have been averted if the steel companies that own the mines had given Mr. Lewis what he wants, which is a closed shop in the captive mines. It could have been averted if the government had ordered the companies to give him what he wants. But when Mr. Lewis cannot get what he wants, he can cripple defense production and stand off the government of the United States, which is the party most concerned in the controversy, singlehanded. It is a situation that does make sense for anybody but John L. Lewis, a fact that suggests he may have lost touch with some of the sterner realities of life, such as the thing that always happens to men who stick out their necks too far.

## ENCIRCLEMENT

Any attempt to follow the war is likely to get lost in the word or at least the idea of encirclement.

Some years ago a funny-faced man with a comic mustache began to scream at audiences in Germany that their beloved country was being encircled by its enemies and was doomed to a horrible fate unless it did something right away.

France, which was the country supposed to do the encircling, meanwhile was so afraid of being encircled that it built the Maginot line, but neglected to close up the ends and eventually found itself encircled by Germany and Italy. The latter, also afraid of being encircled had entered into an agreement with Germany to beat the encirclers to the punch, meaning not only France and Great Britain but also Russia.

It is Japan now that is crying out against encirclement. The Japanese can prove with figures and diagrams that they are being encircled by Great Britain and the United States. This is ridiculous, of course, because Great Britain is too busy to keep itself from being encircled to do any encircling and the United States, as every patriot knows, is on the verge of being hemmed in from both sides and the top and the bottom in the near future.

It seems that the encirclement psychosis is a symptom of something about to go horribly wrong, like a continuous pain on the left side accompanied by nausea and fever.

## IN WHICH SOMETHING WAS PROVED

Interior Secretary Ickes has called off all restrictions on distribution of gasoline along the Atlantic seaboard, explaining that return of tankers diverted from coastal use for British use makes a return to normal operations feasible.

It must be counted as fortunate that it is possible to return the tankers. Perhaps it must be counted as fortunate, also, that Mr. Ickes as oil coordinator handled the situation so well that petroleum reserves for coastal use are as great as they were a year ago.

But it cannot be counted as fortunate that the whole affair was handled in a way that created maximum apprehension and inconvenience for minimum effect. That is not the kind of public administration Americans expect nor the kind they want. Future administrators who want to know what to avoid should commit the story of Harold Ickes and the great gas shortage of the summer of 1941 to memory.

## LAWYERS' DELIGHT

While even the clients don't expect anything to come of it and are only mildly interested, a New York lawyer is going to the mat for the young men of the Iroquois Indian confederacy, claiming they are exempt from military service as members of an independent, unconquered nation.

No doubt the enterprising barrister who is fighting the case looked over the ground first and knows what to say about all the evidence that might pop up in the course of a protracted wrangle. If not, the Encyclopedia Britannica may necessitate some fast thinking on his part. The Britannica says that when the American Revolution broke out, the tribes in the Iroquois confederacy (the "Six Nations") sided with the British and got caught with their scalps down. While the confederacy as such took no part, its members did, with the result that the confederacy ceased to exist thereafter except as a ceremonial form.

## THE STARS SAY:

For Thursday, October 30

A FAIRLY propitious state of affairs is read from this day's astral configurations. There may be sudden opportunities for reaping good profits, which should be grasped with alacrity and with entirely novel methods of procedure. The best progress may be made by deviating from conventional ways and means but any form of cleverness departing from accepted standards might precipitate financial loss, also loss of credit and standing as well as litigation.

Those whose birthday it is may expect a lively year, with many things developing by fresh, novel, original and clever tactics rather than adhering to old routines. However, while this new and original grasp of opportunities may have surprising benefits, overstepping accepted bounds might precipitate defeat, loss or legal entanglements.

A child born on this day will have many fine creative talents, inventive, original and exceptional, which may be developed into lucrative expression.

## TURKEY IS "INVITED"

By FRED VANDERSCHMIDT

While Turkey celebrates the 18th anniversary of the republic, two Turk generals, ironically enough, have been visiting Adolf Hitler on the Russian front. Turkish generals do not refuse invitations like these these days. So Ali Fuad Erden and Huseyn Erkel had tea in Hitler's tent.

It is easy to imagine what the German fuhrer told them. For some days, the German high command has been showing Rumanians, Italians and Hungarians into the bloody battle of south Russia, and giving them frequent pats on the back in the daily communiques. Rumanians were permitted to take most of the credit for the capture of Odessa, and Italian arms got a much needed compliment for reported advances in the Donets basin; a few days later the Hungarians, in turn, were credited with helping out in the same area.

So, this was a fine time for Hitler to tell the Turkish military men: "See—look what you could do if you were with us!"

Turkey's two million bayonets could be of extreme value henceforth to the German army, which is occupied now from Marmans to the Black sea. The Germans are knocking at the gates of Rostov-on-Don, key to the north Caucasus and a point from which Hitler's armies might plunge toward the Caspian sea, 450 miles to the east, or execute a sharp right turn and make for the oil properties at the Black sea end of the Caucasian mountains. Another force is fighting its way into the Crimea, from which it could pass south of the Sea of Azov across the Strait of Kerch and enter the same oil lands.

A Turkish thrust into Georgia would put a tremendous squeeze on the natural defenses of the Caucasus; a Turkish lunge into the Russian forces now manning the Iranian-Turkish border would disrupt any plans of Britain and Russia for defense of the Caucasus by a joint British-Russian force; it would delay if not wreck the system which is being set up to get supplies to Russia via Iran.

## "IN THE HUMPTY-DUMPTY MANNER"

## OUR READERS

## TAX OBSERVATIONS

Editor, The News.

Once more the taxpayer is being asked to vote a two mill levy on real estate for five years. Only last fall a great many townships voted a two mill levy for three years. When will it ever stop?

"It will stop only when the people refuse to be coaxed and wheedled into voting for it. A few years ago through the untiring efforts of some of our good county officials, one in particular, they succeeded in lowering the tax on real estate, giving the over-burdened taxpayer a breathing spell, and now the tax-spenders are trying to raise them once more. What good is it going to do?

It will only result in delinquent taxes, loss of peoples homes, deflation, longer hours on the farm and the lack of the very things which are so necessary to the life, health and happiness of every individual. It will only result in the need of more institutions for the care of the sick and the destitute. We say there are plenty of other ways to raise the tax without falling back on real estate.

This class—the land owners—have always been the back-bone of the nation, but there have been many changes in these later years since the motor vehicles have become the general method of transportation and so of course suitable roads had to be provided. The land shysters were heavily taxed which was very unfair.

The tax-spenders soon found that the money could never be provided in that way so they had to work out other plans but not before they had deprived many people of their homes and property with which they had hoped to provide a living for themselves in their old age. There the old-age pension plan was introduced.

Now so many of those roads have been torn up or deserted, widened and the curves eliminated all at the expense of the tax-payer. It seems to us that this was done more for the accommodation of these universal pests—the speeder and the crosser driver both of which could be eliminated. They should be punished by taking their homes from them and not allowing them to ride in any one else's car in the meantime.

The tax-payers have increased at an alarming rate all on account of these roads being allowed to use the roads. The money that is spent by the public on account of it would go a long way in caring for our destitute.

It is no wonder the people turned down the law proposed for a penny toll. They resent the idea of providing the law-breakers with a life of luxury and good food much better than many of them have for themselves. I believe that every prisoner ought to work and pay for his food and clothing and some tax besides.

We do not believe it would improve any friendship on the people with such fine cars, those that spend a lot at the beauty shops and that spend so much money at picture shows if the car was some more tax added on the money spent. Some of the three salaries paid a number of officials and others draw large salaries over the state should be paid.

We have with us as in the World War that all offender, the profiteer. They certainly do not deserve to live in a free country. If they could be run out of the country, then we would not need to worry about the high cost of living or the taxes either.

## AUTUMN INCREASES HOME ACCIDENTS

Home Is Dangerous Place, Says Statistician

By LOGAN CLENDENING, M. D.

The most dangerous place in the American community is the home. Such is the startling conclusion that a statistician recorded a few years ago. More citizens of the United States are slain accident-

ally in the supposed safety of their own homes than on the streets, the highways, in the waters or in industrial plants.

containing carbon, such as gasoline and illuminating gas. Carbon monoxide is treacherous because it has no smell, it doesn't even wake a person up at its insidious approach and the symptoms of paralysis may be on a person without any premonition. The treatment is to remove the victim to fresh air, supply artificial respiration immediately and indefinitely, aid circulation by rubbing the arms and legs and wrapping in warm blankets and call a doctor.

**Burning Leaves**  
The fires of burning leaves are a pleasant aspect of the Fall scene.

SECOND THREE-WEEK DIET PERIOD  
FALL REDUCING DIET—WEDNESDAY

To find your ideal weight, multiply number of inches you are over five feet by 5½; add 110.

**Breakfast:**  
Sliced oranges (vitamin C).  
1 slice toast—no butter.  
Coffee—no cream or sugar.

**Lunch:**  
Cottage cheese on lettuce—no dressing (protein).  
1 slice toast (no butter) or rye toast (vitamin B).  
1 piece canned or stewed fruit (roughage).  
Black coffee or tea with lemon—no sugar.

**Dinner:**  
1 glass tomato juice.  
1 average helping boiled sweetbreads—no sauce.  
1 large helping string beans (mine also).  
1 cup custard (vitamin B).  
Black coffee—no sugar.

Indeed in some ways your automobile is safer than your home. As shown by the experiments at the Westinghouse high voltage laboratories when Dr. Gilbert D. McCann sat safely in a car that was bombarded with 3,000,000 volts of artificial lightning. The gas tank even presents no serious hazard, because its protected position is such that lightning can not reach it.

## Peak Reached in Autumn

Autumn is the time of year, for various reasons, when home accidents reach a peak. Fires begin to be lighted and match boxes are left around, and the children play with the matches.

House cleaning goes on and there are chores in the cellar, and small jobs of repair work, the eaves have to be cleaned, and all that means ladders, and ladders are contraptions of the devil. Some ladders are too short, others are too flimsy, and the result is falls and fractures and concussions and dozens of lesser troubles. The National Safety Council has published a "Safe Practices Pamphlet on Ladders," just to show how imminent the hazards are.

## Carbon Monoxide Poisoning

The garage doors begin to be closed in the autumn, and carbon monoxide poisoning from the exhaust of the car is a consequent hazard. Carbon monoxide poisoning is now the most widespread poison connected with human activity. It is produced by the incomplete burning of materials

but do not permit a child to remain alone and poke a fire. That five per cent of fatal burns occur in children. The hunting season and "unloaded guns" need only be mentioned.

Above the cries of all victims of these Autumn accidents is the universal wail—"I ought to have known better." Use that ounce of prevention to avoid accidents. Carelessness kills more people than ignorance.

**EDITOR'S NOTE:** Dr. Clendening has seven pamphlets which can be obtained by readers. Each pamphlet sells for 10 cents. For any one pamphlet desired, send 10 cents in coin, and a self-addressed envelope stamped with a three-cent stamp, to Dr. Logan Clendening, 235 E. 45th st., New York. The pamphlets are: "Three Weeks' Reducing Diet," "Indigestion and Constipation," "Reducing and Gaining," "Infant Feeding," "Instructions for the Treatment of Diabetes," "Feminine Hygiene," and "The Care of the Hair and Skin."

able life to leave the envelope here. Oh, yes, it was clear up to this point.

Fan tore open the envelope, and stared at a bulk of empty sheets, on the top page of which was a bar of music.

The lines were unevenly drawn by a hand which had never measured distances. Inky little notes climbed up and down, and five flats belled from the cliff. Fan couldn't read the symbols. But she thought of the Roumanian folk songs Carlie used to play and sing at the grand piano in the fifth Avenue apartment.

## Chutist Drops Six Miles Through Space

Arthur H. Starnes, 36, is shown (right) with his wife and son, Robert, after what is believed the longest free-fall parachute jump ever made. Carrying 85 pounds of equipment, he jumped from a plane 30,400 feet in the air above Chicago, and didn't open the first of his two chutes until he was 1,500 feet from the ground. Then he floated easily down, as shown at left. The entire descent took four minutes, fifteen seconds.

## DEFENSE SENDING JOBS TO NEW PEAK

Forty Per cent of Cleveland Industry Is Doing War-Time Work

CLEVELAND, O.—Booming national defense production—spurred by a \$100,000,000 factory expansion program—has lifted Cleveland's metal industries from the depths of a long depression to the highest business point in the city's history.

With employment figures still mounting beyond any previously recorded, and more factories swinging into the swift pace of armament production, economists and statisticians have still to sight a peak in the accelerating recovery.

## Today's Pattern

HOME MADE HAS SMART ANGLES

Good company while you work—this home frock by Anne Adams Pattern 4913 is designed for comfort and wearability as well as charm. There's a practical down-front buttoning all the way from neck to hem, which makes it easy to slip on, too. Gathers below the waist and darts above the set-in skirt have a slim effect. And, for extra smartness, the "V" pockets are made out of two strips of material. They're optional, of course, and so appropriate if you wear a "V-for-Victory" print. They are bordered with rick-rack like the belt and the long sleeves may be short, instead, and a square neck in place of a round one. The Sewing Machine aids you!

## Engagement Of Miss Lora Announced At Party Here

Mr. and Mrs. Herbert Lora of the Benton rd. announce the engagement of their daughter, Virginia, to Frederick J. Limestone, son of Mrs. Marie Limestone of Woodland ave. The wedding will be an event of Saturday, Dec. 6.

News of the engagement and wedding date was made known to friends at a delightful party given

by Miss Helen Lora, sister of the bride-elect, at their home last night. Members of their bridge club and a few other friends were guests.

Prizes in cards went to Mrs. Don Calladine and Mrs. Charles Best. Announcements were cleverly concealed in the tallies at the card tables.

Lunch was served by the hostess. The table was attractively arranged with centerpiece of baby mums and orange tapers in black holders.

Miss Lora, a graduate of Goshen Township High school, is employed in the dental office of Dr. J. C. Lupton, Cleveland. Mr. Limestone is employed in the purchasing department of the Denning Co.

### Mrs. Howell Williams Class President

Mrs. Howell Williams was named new president of the Spencer class of the Presbyterian church at a meeting last night at the home of Mrs. V. R. Martin, Damascus-Garfield rd. Mrs. Edward Howell led the devotional service.

Other officers, to begin their duties Jan. 1, are: First vice president, Mrs. H. C. Milligan; secretary, Mrs. Andrew Hodge; treasurer, Mrs. C. E. Phillips; chorister, Mrs. Ann Chamberlain; pianist, Mrs. Theodore Jewell; teacher, Mrs. J. C. Potto; assistants, Mrs. Chamberlain and Mrs. H. D. Huttenhower.

Thirty-seven members and guests attended the session. The program in charge of Mrs. J. A. Armstrong, featured a talk on her recent trip to New York by Mrs. James R. King and group singing from a song sheet of parodies on popular melodies of 20 years ago, prepared and led by Mrs. W. D. King, with accompaniment by Mrs. Jewell.

Members sewed for the Red Cross during the evening.

Halloween appointments were featured in the lunch which was served by Mrs. Armstrong, Mrs. Martin, Mrs. Edna Trotter, Mrs. P. O. Putnam, Mrs. William McKee, and Mrs. Edward Howell.

The Nov. 25 meeting will be held at the Armstrong home on N. Union ave.

### Halloween Party Held By Trumble Class

A delightful Halloween party was held by the Trumble class of the Presbyterian church last night at the home of Mrs. N. O. Baunach, Winona rd., attended by 33 members and a few guests.

The home was decorated attractively for the party. Devotional service was in charge of Mrs. H. F. Chaffield. Following the business meeting Mrs. R. R. Woods entertained with two readings, Riley's "The Boy's Bear Story" and "Mniphire."

Refreshments were served by the committee which included Miss Nellie Wire, Mrs. Emmett Justice, Mrs. Chaffield, Miss Florence Fussi, Miss Nellie Cowan, Mrs. Effie Seidel and Mrs. O. P. Ashead.

The Nov. 25 meeting of the class will be held at the home of Mrs. L. E. Vincent, Albany rd.

### Sorority Entertained At Greene Home

Active members of Iota chapter, Omega Nu Tau sorority, were entertained by new members at the home of Miss Dorothy Greene, E. Third st., Tuesday evening.

The group played "banco," prizes going to Miss Carolyn Bush, Mrs. Russell Hahn and Mrs. Harold Shears. Lunch was served buffet style at a table centered with a lighted pumpkin and candles. Fall flowers and Halloween decorations were featured throughout.

The chapter will have a business meeting at 7:30 p. m. Tuesday, Nov. 4 at the Memorial building.

### Travelers Club Hears Two Papers

New England's role in the development of "American Traditions" was presented in the Travelers club program Tuesday afternoon at the library assembly room.

Mrs. L. P. Metzger presented a paper, "New England: Saints and Sinners," and Mrs. Henry Hurlburt, one on "New England Comes Back." Current events were discussed by Mrs. W. P. Carpenter.

A review of the book "The Mill Stream" will be a feature of next Tuesday's meeting at the library, continuing the program on New England.

### Harris Class Members To Name Officers

Members of the Harris class of the Christian church will elect officers at a meeting at 7:30 p. m. Thursday at the home of Mr. and Mrs. Travis Swartz, 999 N. Ellsworth ave.

Following the business session a Halloween masquerade party is planned, with Mrs. Charles Taylor in charge of the committee. All members are asked to attend. For transportation they are requested to meet at the church between 7 and 7:30 p. m.

### Skip-A-Week Club Entertained

Members of the Skip-A-Week club met last night at the home of Miss June Bennett on Woodland ave.

Following a business meeting in charge of Mrs. Thomas Hutson, the group played "cootie," prizes going to Miss Helen Berg and Miss Dorothy Miller. Lunch was served by the hostess, assisted by Miss Dorothy Miller.

The next club meeting will be held Nov. 11 at a place to be announced later.

## Mothers, Daughters Meet In Columbiana

COLUMBIANA, Oct. 29 — Columbiana Mothers club held a Mother-Daughter dinner at the Presbyterian church Monday evening. Covers were laid for 42. The committee in charge was composed of Mrs. Sam Heatherrington and Mrs. Charles Reinher.

The program which followed the dinner was in charge of Mrs. Ralph Brungard, Mrs. C. P. Esterly gave the welcome to the daughters and Winifred Esterly made the response. Barbara Gaver and Betty Mae Evans played a cello and violin duet with Mrs. Don Zellers as accompanist. Mary Janet Batsch gave a reading and the program closed with a group of dance numbers by seven girls from Jean Blair's dance class. The next meeting will be Nov. 10 at the home of Mrs. R. M. Gaver.

William Pine was severely injured Monday afternoon when he fell from a ladder while picking apples near Greenford. Mr. Pine was spending the first day of a two weeks' vacation picking apples when the accident happened. He is in the Salem City hospital where he is being treated.

**Committee Chairman Is Appointed**  
Mrs. Everett Rich, president, appointed Mrs. Fred Smith as flower committee chairman at a meeting of the American Legion auxiliary in the Legion home last night.

Plans were discussed for serving the annual Armistice day dinner for the Legion Nov. 11. The regular auxiliary meeting for that night will be cancelled and the next session, held Nov. 25.

The social committee, with Mrs. Smith and chairman, and the executive board will serve the dinner.

Lunch was served during the informal social hour after last night's session.

D. J. Foltz of Lake Worth, Fla., who underwent an operation at the Good Samaritan hospital in West Palm Beach last week, is reported to be recovering. He is the father of Mrs. B. W. Jones and Mrs. Richard Wilson.

The kind of gay, tuneful comedy-romance which Fred Astaire shines in comes his way in "You'll Never Get Rich," which features Rita Hayworth, John Hubbard, Robert Benchley, Osa Massen, Frieda Inescort, and Donald MacBride. The film shows at the State Thursday, Friday and Saturday.

A musical extravaganza of army life, the picture presents Astaire as a Broadway dance director who enters the army to escape the army. Miss Hayworth, who, with matrimonial gleam in her eye, follows the dancer into the army camp as the childhood friend of an army officer.

Music and spectacular dance numbers aplenty brighten the romantic story, in the best of the later Astaire films. Rita Hayworth, whose real name is Cassino, of the dancing Cansinos, is a brilliant partner for the dancing star.

Concluding tonight at the State is the mystery-drama "Ladies in Retirement," with Ida Lupino, Louis Hayward, Elsa Lanchester, Evelyn Keyes and Edith Barrett.

The Grand's Thursday, Friday and Saturday features are a mystery-comedy, "Spooks Run Wild," with Bela Lugosi, Leo and David Gorcey, Huntz Hall and Bobby Jordan; and "Tonto Basin Outlaws," with Ray Corrigan, John King and Max Terhune in a new Range Busters adventure.

Concluding there tonight are "Mercy Island," featuring Ray Middleton, Gloria Dickson, Otto Kruger, Don Douglas and Terry Kilburn; and "Elery Queen and the Perfect Crime," with Charles

## Increase In Farm Products Is Asked

LISBON, Oct. 29—A. A. A. com-  
 mitteemen from every township in  
 Columbiana county met at the  
 American Legion hall Monday, to  
 discuss the details of the farm de-  
 fense program.

George H. Rogers, chairman of the  
 county A. A. A. committee, presid-  
 ing at the state meeting held  
 last week and discussed the need  
 for increased production of milk,  
 eggs, hogs, and vegetables to sup-  
 ply Great Britain, to provide bet-  
 ter nutrition at home, and to build  
 a stock pile of commodities for  
 military Europe when the war ends.  
 C. F. Shaw, Lisbon, spoke on  
 meeting production goals and sug-  
 gested solutions to some of the  
 problems involved. Miss Emma  
 Williams, home demonstration  
 agent, spoke on the nutrition phase  
 of the program. Remarks were  
 also made by Mrs. Wade Clark,  
 county A. A. A. field representative,  
 of Salineville.

The policy of the selective serv-  
 ice boards in regard to farm labor  
 was explained by W. E. Morris,  
 chairman of the selective service  
 board at Lisbon. Emil Malinowski,  
 farm security administrator, ex-  
 plained the various farm credit  
 agencies.

L. H. Glass, manager of the Ma-  
 loming Valley Dairy Cooperative  
 Association, near Beloit, discussed  
 milk and feed prices. C. F. Moser,  
 manager of the North East Ohio  
 Poultry association at Columbiana,  
 talked on egg and feed prices. C.  
 J. Freeman, Lisbon, A. A. A. officer  
 manager, gave detailed instructions  
 to the committeemen and assign-  
 ed work to each. The township  
 committeemen are charged with the  
 responsibility of contacting  
 every farmer in their respective  
 townships to complete a 1942 farm  
 plan used in connection with the  
 defense program.

Columbiana county has been asked  
 to increase milk production 7  
 per cent, egg production 4 per cent  
 and hog production 7 per cent.

## COUNTY RECEIVES SEAL ALLOTMENT

Columbiana county today received  
 its allotment of seals, posters and  
 placards distributed every year from  
 headquarters for the Christmas seal  
 sale in the drive against tuber-  
 culosis.

The small Christmas seal which,  
 it has been said, is as insignificant  
 as a diamond, furnishes the means  
 to carry on educational work  
 against tuberculosis in all parts of  
 the United States and in its ter-  
 ritories.

Committee headquarters will be  
 the scene of intense activity from  
 now until Nov. 24, when the sale  
 opens. President Dr. Guy E. Byers  
 said.

The seal this year is distinctive  
 in color and design, he added, and  
 should be much sought after as a  
 real Christmas decoration.

For more than a quarter of a  
 century these seals have helped cut  
 the death rate from tuberculosis  
 steadily and unflinchingly. Dr.  
 Byers said. "There is still much  
 work to be done."

## URGE INCREASE IN SOYBEAN ACREAGE

Officials Point Out That  
Allotments Will Not  
Affect Crop

Ohio farmers will find it good  
 business to increase their acreages  
 of soybeans next year, according to  
 Elmer F. Kruse, chairman of the  
 Ohio USDA defense board. In line  
 with the farm defense program,  
 AAA acreage allotments will not  
 apply to soybeans in 1942.

Preliminary estimates by USDA  
 defense board statisticians indicate  
 that soybean acreage in Ohio will  
 be boosted some 40,000 acres—from  
 640,000 acres in 1941 to 680,000 acres  
 in 1942. This represents an in-  
 crease in Ohio 1942 soybean acre-  
 age of 6.3 per cent.

**Prices Are Double**  
 With consumption of soybean  
 products smashing all records and  
 still advancing, soybean prices have  
 risen rapidly during the past year  
 and are now double those of a  
 year ago. In fact, soybean prices  
 now are at the highest level since  
 domestic production reached com-  
 mercial proportions, Kruse re-  
 vealed.

"Fair prices and increased de-  
 mand are expected to continue  
 next year because of the increas-  
 ingly important role soybean oil is  
 playing in defense production,"  
 Kruse stated. "Increased buying  
 power of the nation and the dis-  
 covery of new uses," he pointed out,  
 "will tend also to hold prices and  
 consumption at new high levels."

Oil taken from soybeans has a  
 wide diversity of uses, both in  
 homes and factories. Linoleum  
 cosmetics, cooking oil, shortening,  
 and newspaper ink are some of the  
 more common ones. Soybean oil  
 is being used increasingly as a  
 quick drying agent for paints. To  
 some extent, the various vegetable  
 oils may be substituted for one an-  
 other in industrial and food uses.

**Needs Increasing**  
 "Ordinarily, the United States  
 uses less than 10 billion pounds of  
 fats and oils each year. But, with  
 increased domestic consumption  
 and lend-lease demands, needs will  
 run more than 10 1/2 billion pounds  
 a year," Kruse said. Production  
 goals for soybeans call for 7 mil-  
 lion acres next year, or an in-  
 crease of more than a million acres  
 over 1941, and twice the average  
 from 1936 to 1940.

Pointing to this new defense de-  
 mand or soybeans, Kruse asserted  
 that when "Ohio farmers increase  
 their acreage for soybeans, they  
 will not only be carrying their  
 share of the production goals for  
 the farm defense program, but they  
 will be adding to their income."

## INFIRMARY, HOME MAY GET VENISON

LISBON, Oct. 29—Inmates of  
 the Columbiana county infirm-  
 ary and the Fairmont Children's  
 home appeared today to be in line  
 for a venison dinner.

Game Warden Lon Boring and  
 a veterinarian were scheduled to  
 examine a five-point buck deer  
 which was shot yesterday at the  
 farm of Ambrose Weber in Mad-  
 on township, near West Point, to de-  
 termine if the meat is edible.

The 180-pound animal was shot  
 by farm employee after it was  
 found lying along Route 30,  
 suffering from a broken leg. The  
 deer, apparently had been struck  
 by an automobile the night before.

**Mechanized Rodeo**  
 MOBERLY, Mo.—The first nippy  
 morning of the season found  
 Charley Hopson pushing his car to  
 get it started.

It started, all right, and headed  
 for a fence. He dashed around in  
 front to stop it.

Friends, attracted by his shouts,  
 pulled him out of the fence several  
 minutes later, shaken but unin-  
 jured.

**Motor Maniac**  
 PITTSBURGH — Speeding 75  
 miles an hour to investigate a re-  
 port about "a man with a gun,"  
 Police Lieut. Arthur Baker was as-  
 tounded when another car whizzed  
 past him.

"I forgot the man with the gun  
 and nabbed the man in the car,"  
 Baker explained to a judge. "I  
 thought he was more dangerous."

The motorist, a young fellow  
 without a driver's license, drew six  
 months in jail.

## WELLSVILLE MAYOR CANDIDATE IS DEAD

WELLSVILLE, Oct. 29.—Charles  
 S. Peters, 54, president of city  
 council and Republican nominee  
 for mayor in next Tuesday's mu-  
 nicipal election, died suddenly of  
 a heart ailment while sitting in  
 his automobile here yesterday.

An oil well operator, he was  
 stricken after driving to his oil  
 field north of the city.

His death occurred as Peters  
 was conducting a mayoral cam-  
 paign against Charles A. Lewis,  
 Democratic nominee and service-  
 safety director in the adminis-  
 tration of Mayor William H. Daugh-  
 erty.

Peters, who was serving his first  
 term as council president after a  
 previous two-year tenure as ward  
 councilman, defeated Morgan Mc-  
 Intire and John Roberts in the  
 August primary election.

The Republican executive com-  
 mittee will fill the ticket vacancy.  
 Peters' only son, Clarence Peters,  
 a justice of the peace and insur-  
 ance broker, was mentioned as the  
 likely choice.

**FIRST ICY TOUCH  
OF WINTER IS FELT**  
 COLUMBUS, Oct. 29.—The first  
 thin sheets of ice appeared in some  
 sections of Ohio today, heralding  
 the initial freeze of the oncoming  
 winter.

But the cold snap will let up  
 tomorrow and give residents of  
 the Buckeye state another chance  
 to check their automobile radiators  
 and buy woolen socks before the  
 real cold sets in.

The weather bureau here forecast  
 generally fair and slightly warmer  
 weather today and tonight. Thurs-  
 day will be cloudy and warmer fol-  
 lowed by occasional rain in the  
 west and north central portions  
 the bureau added.

The lowest mercury reading re-  
 ported early today was 26 at Cam-  
 bridge. Others included: Colum-  
 bus 29, Cherry Fork on the Ohio  
 River 29, and Cincinnati 31.

Cloudy skies kept the tempera-  
 ture up to 38 at Akron and Cleve-  
 land.

Yesterday's lowest reported read-  
 ing was 31 at Toledo.

## SEEKS FUNDS FOR BERLIN RESERVOIR

WASHINGTON, Oct. 29.—Presi-  
 dent Roosevelt has requested a sup-  
 plemental appropriation of \$2-  
 335,000 to start construction of the  
 Berlin reservoir in the Youngstown-  
 Warren Ohio defense area, infor-  
 med officials said today.

The reservoir was authorized in  
 this year's flood control bill after  
 hearings at which witnesses said it  
 was needed urgently to control  
 floods and assure adequate water  
 for steel plants and other defense  
 industries.

The federal works agency an-  
 nounced recently that it also had  
 set aside \$2,000,000 for the reservoir  
 but it was understood that the  
 President decided to approve a  
 specific congressional appropriation  
 instead.

Army engineers estimated that  
 the reservoir would cost \$7,000,000.  
 The initial appropriation would en-  
 able them to begin work almost im-  
 mediately.

## Coroner Cites Negligence In E. Liverpool Accident

EAST LIVERPOOL, Oct. 29.—  
 Coroner Arnold W. Devan charged  
 "negligence" today but deferred his  
 verdict in a freight train-truck  
 crash in the Pennsylvania railroad  
 yards here Monday night in which  
 Frank Wilson, 51, truck operator,  
 was killed, and Samuel McConnell,  
 22, of Wellsville, a brakeman, was  
 injured.

Devan delayed a ruling pending  
 a conference with Prosecuting At-  
 torney Frank W. Springer of Lis-  
 bon and examination of photo-  
 graphs of the wreckage, derail-  
 ment of a freight car and blocking  
 of a section of the main lines.

# Ohio Boy May Lead Pitt To Upset Over Ohio State Saturday

## FORMER CANTON ACE, RALPH FIFE, IS GREAT GUARD

Scout Predicting Trouble Against Fife And West, Panther Quarterback

(By Associated Press) COLUMBUS, Oct. 29.—An Ohio boy may turn the trick if Pittsburgh upsets Ohio State's football opponent Saturday.

He's Ralph Fife, who comes from a long line of football-playing Fifes at Canton. Ralph was a star on one of Canton McKinley's teams before he became an outstanding lineman for the Panthers.

It's Guard Fife and Quarterback Walter West, Ohio State scouts believe, who held the key to how well the Panthers will be able to throttle the crippled Bucks' offense.

Fife and West are line-backers ditto. When they are in the game little game is going through the Pittsburgh line. Just ask the backs of Minnesota, Michigan, Purdue, and Duke.

These four teams beat Pitt, but most of their scoring came with either Fife or West or both resting on the bench.

"If Fife or West go against us for 60 minutes we're going to have a tough time beating those Panthers," said Assistant Coach Carroll Widdow, who coached Pitt. Johnny Hallabrin, the Mansfield native, is working out in the Ohio football camp with a sophomore George Lynn of Youngstown taking over the blocking quarterback position.

Zupke Brewing For all anyone knows, Bob Zupke maybe brewing up another poisonous potion for Michigan's Wolverines at Champaign this week.

Whenever anyone mentions Illinois and football to a Michigan fan, he promptly recalls 1939, the last time the Wolverines fell into a Zupke pitfall. That was the season of Illinois 16, Michigan 7, followed the next week by Minnesota 20, Michigan 7, and the end of Big Ten, and national title hopes for Tom Harmon and his mates.

This year Minnesota already has gotten in its knocks at Michigan and won again. This Saturday the Wolverines face Illinois. But the situation is a bit different. In 1939 Michigan was unbeaten and in top shape, which made it ripe for an upset; this year Wolverine morale admittedly is low after the bruising taken from Minnesota.

Syracuse at Wisconsin Syracuse's appearance Saturday at Wisconsin is the first visit of an eastern team at Madison since 1935 when Pittsburgh dropped in to beat the Badgers, 23-6. By contrast the 1941 Pitt team has been an easy mark for every Big Ten team it has faced (Purdue, Michigan, Minnesota), with Ohio State next on its list.

Northwestern thinks it may have the reply to last year's 13-12 defeat by Minnesota in Dick Eklitz, who has made nine of the ten conversions this year and will be in there swimming his tail against the Coaches Saturday. The Oshkosh, Wis., lad made five straight points after touchdowns last season after the Wildcats' loss to the G-men for lack of an accurate kicker. Bernie Bierman's current backfield choice for Minnesota is Warren Plunkett, quarterback. Bill Daley, left halfback, Bill Gamas, right halfback and Bob Sweigert, fullback.

## Suffers a Double Loss—Two Yards and His Pants!

When Harold Mouch, University of Dayton halfback, took the ball on this play in the game with Wichita university at Wichita, Kan., he suffered a double loss—two yards and his pants! Mouch's belt broke on the run and down came the pants. Dayton won the game, 14 to 6.

Standings were virtually unchanged in the first division of the National League after last night's encounters at the Masonic alleys. The Eagles kept their grip on first place by turning in a three-game win over the Electric Furnace behind the steady and effective rolling of Bill Shepard. Shepard notched games of 179, 210, and 230 for an evening's gross of 619 for himself and helped mightily in running up a total of 2770 for the second highest team score of the year in the National League.

The City Loan kept their position in second place intact by scoring two wins over the Salem News, which moved into a tie for third as Grate's failed to capture a game from the Salem China. The Loaners, in scoring their win over the News, rolled three games over 900 to total a 2756 for the evening. The lone News win came in the third game as Jim Jackson scattered 249 pins for the highest individual score of the season in the circuit, an helped the Newsies to record the third highest game score so far—994.

Mike Hutter's 614 led the National Sanitary to a two-game win over Masons despite a total of 602 by Judy Myers and a high single game of 235 by Bob Wright.

**Mullins League**  
Inspection moved up into second. Cost into third, with the Press Room still well in the lead in the Mullins top last night. The Press-room notched a three-game win over the Time Study, the Inspection whitewashed the General Stores and the Costs shut out the Truets.

Other three-game winners included the Cabinets over the Geuners, the Cutters over the Wingers over the Cutting room keepers.

Two game winners were Enamel over Tub, Production over Finan, and Tool and Die over Employment.

## SPORT CHATTER

BY HUGH FULLERTON, JR.

NEW YORK, Oct. 29.—The football books risked a bad beating by making Navy a 15-10 favorite over Penn before last week's tie with Harvard. They're even money now. Army scouts say Notre Dame's Angelo Bertelli is the season's best passer—and they'll pass in the end, too. Pete Relsor is favored to cap the Chicago baseball writers' Most Valuable Rookie award. Freddie Apostoli, who was making a nice comeback, will be on the shelf three months with a busted mitt. In four games, only seven passes out of 36 attempts have been completed against Purdue's defense.

### Quote, Unquote

Phil Rizzuto: "Being built close to the ground has advantages for a shortstop and it makes it tough on some pitchers to get the ball down to my height and over the plate. There's no kidding that I can't silence with a base hit."

### One-Minute Sports Page

Next year's P. G. A. tournament likely will go to Detroit's Grosjean club. The motor executive who put the dough for the Ryder cup exhibition is willing to back it for \$2,000. With Billy Soose retiring as middleweight champ, Mike Jacobs is trying to sign Al Hostak to take Billy's place against Ken Overlin. Tommy Harmon and his broadcasting partner haven't been speaking to each other lately. They work alternate quarters of the Michigan games from separate booths.

### Today's Guest Star

Kenneth Jones, Georgia (Ill.) Journal - Transcript - "Pittsburgh University is now known as the school with the great Cathedral of Learning."

### Cleaning the Cuff

In rebuttal to Bill Anderson's crack that Michigan would be "amazed and blue" a Wolverine fan claims that it's Minnesota that's blue now—black and blue. The National Football league may expand its schedule next year to provide for more east-west games and eliminate the biggest beef against this year's program. Football's home at Santa Anita is a special stall which was occupied by Equipoise, Twenty Grand and Rosemont. The Football Giants chipped in to buy Frank Reagan a silver cigarette case as a parting gift although he only played with them a half-season.

## Punts And Passes

NEW YORK—Elmer (Olie) Oliphant, former gridiron great, will be torn between two desires Saturday. At the Polo Grounds that afternoon, Purdue — where Oliphant first won fame — plays unbeaten Whilaway's home at Santa Anita is a special stall which was occupied by Equipoise, Twenty Grand and Rosemont. The Football Giants chipped in to buy Frank Reagan a silver cigarette case as a parting gift although he only played with them a half-season.

CORAL GABLES, Fla. — John Tobin senior halfback on the unbeaten Miami University (Fla.) eleven, intercepted just one forward pass in his first two years of varsity competition but opened the 1941 season by finishing three in the first game.

AUBURN, Va. — When Auburn's Max Morris, regular junior guard, can't buy on the football field, chances are you will find him either working a crossword puzzle or playing his harp or harmonica. Morris rates the puzzles as the best medium for relaxation, followed by the musical instruments.

CHAMPAIGN, Ill.—Here is what Bob Zupke, veteran member of the University of Illinois eleven, has to say after watching Notre Dame mail its charges two straight years: "Steve Zuzuk is as fine a runner as Tom Harmon of Michigan."

TULSA, Okla.—The Tulsa hurricane, present leader of the Missouri Valley conference race, has a set of brothers on the football field. They are: Joe and Kenneth Gibson, senior back and end respectively. Bob Dobbs, sophomore halfback; and Glenn Dobbs, junior halfback and Saxon and Jack Judd, sophomore end and halfback, respectively.

MILWAUKEE—Maybe this is the reason for Marquette's gridiron comeback this season? Squad members were asked if they had seen a huge picture of the team featured in a downtown department store and four players answered almost in unison: "Heck no, we haven't been downtown since September 9."

## New Broom, Turf Bust, Puts Traditional 'Rags To Riches' Sports Story In Reverse

By PAT ROBINSON.

International News Spoils Editor.

NEW YORK—Each year every branch of sport produces tales to make the Horatio Alger stories seem commonplace by comparison. As we recall the Alger stories, the football never did much better than marry the banker's daughter. But in sport our heroes usually buy out the bank and the banker.

Jack Dempsey rode the rods. Gene Tunney rose from a tenement to become a millionaire. Joe Louis was a cotton picker.

The sports world can play that rags to riches theme without end. And nowhere in sport is that theme more in evidence than on the turf where a small investment can bring a tremendous return and we don't mean at the mutual windows.

For instance, Al Sabath, a Chicago attorney, made a bid for a colt at the yearling sales in Saratoga a year ago. He got the colt for \$700 and called it Alsab, which is a combination of his own two names.

Alsab today is the sensation of the turf. Already he is being called another Man of War and although only a two-year-old, he has won \$100,000 in purses for his lucky owner.

When you hear of anybody making \$100,000 on a \$750 investment it makes you feel like throwing up your job or your business and buying a horse, doesn't it?

But before you do anything rash it might be well to look into the history of the yearling sales. If you do, you will find it is about the greatest gamble in the world.

Alsab was a cheap horse that turned out to be a gold mine. But there have been thousands of fashionably bred yearlings who never even were worth sending to the races and for whom their unlucky owners paid huge sums.

For instance, there was the case of New From, bred in 1923. He was a colt that was bred in the purple. He looked like a million dollars in the sales ring and the

## Roberts Carries Barons' Burden In Hockey Opener

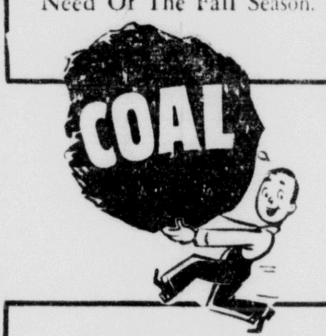

CLEVELAND, Oct. 29.—Moe Roberts will carry the Cleveland Barons' bid for another American Hockey league title with him tonight as he takes the net in the season opener against the Pittsburgh Hornets.

Moe is the Barons' regular goalie, and is starting his ninth campaign with Cleveland. He will have some help from Bill Beveridge, another veteran who has been acquired as an alternate, but the main burden belongs to Moe.

One rookie, defense man Harry Dick, will be in the starting lineup tonight. Joe Jerwa, who is underweight and troubled by a hand injury when he scored a winning goal against Providence in the first round playoffs last spring, will be unable to play. Dick, a Port Colborne, Ont., husky played with Atlantic City of the eastern amateur league last year.

## NAZIS BREAK INTO SECTOR OF CRIMEA

Strike At Russia's Black  
Sea Naval Base Of  
Sevastopol

(Continued from Page 1)

after 10 days of hard fighting. The reported break presumably occurred at the entrance to the Perekop isthmus, a four-mile-wide bottleneck linking the Crimea and

the U. S. S. R. mainland, which has been the scene of bitter fighting.

Nazi shock troops, attacking with strong aerial support, cracked the Soviet defenses and captured 15,700 prisoners, 13 tanks and 169 cannon, the German communique said.

"Pursuit of the defeated enemy has begun," it added.

Aside from the Sevastopol base, the Crimea is strategically important for two other reasons:

1. Its eastern extremity guards the narrow strait into the Sea of Azov.
2. Troops crossing the Strait would have a short-cut route into the Caucasus.

retained with a group of numbers. Mrs. Guy E. Byers delightfully reviewed Bellamy Partridge's humorous account of family life, "The Big Family."

### Welcome to Clubs

Miss Mona McArthur extended the welcome to the clubs and Miss Charlene Burrell, president of the Alliance group, responded. District officers, and Miss Marie Krebs of

Canton, vice president there, Miss Burrell, and Miss Collins of Youngstown gave short talks.

Miss Alice Gladden, general chairman, announced her committee which arranged the affair and introduced Miss Martha Wire, a charter member of the club and one of its organizers.

An invitation was extended by the Youngstown club to attend its 19th anniversary party Saturday, Nov. 8, at the Youngstown club.

Approximately 125,000,000 separate shipments are handled annually by the railroads.

### Elsa Dunks, Too!

Elsa Maxwell

It's okay now, you can dunk a donut. Elsa Maxwell, the well-known New York party giver, movie actress and columnist, is caught by the camera in the act of dunking, thus removing the social stigma in her select circle. Miss Maxwell's action was one of highlights of the meeting of the National Dunking association in New York.

## Kidnaped Baby Back Home

Kidnaped by a woman as he lay in his baby carriage in front of a Fitchburg, Mass., store, Baby Kenneth McLean, Jr., 8 weeks old, was found by authorities 20 hours later in the home of a childless couple living in suburban Fitchburg. The baby was smuggled in bed beside Mrs. Richard Wolsiewicz, who insisted the infant was hers and that she had given birth to it the night before. Chief of Police Thomas J. Godley said witnesses had "positively identified" Mrs. Wolsiewicz as the woman who took the baby from the carriage. Kenneth, Jr., is shown at home with his father, Kenneth McLean, Sr.

## OHIO HOT MIX CASE FINALLY SETTLED

COLUMBUS, Oct. 29.—Ohio's famous \$3,000,000 "hot mix" road material case was settled in common pleas court today for \$81,631.

Judge Robert P. Duncan, in announcing the settlement of the 34-year-old litigation, also dismissed four other similar suits brought by Donald Littell, Columbus attorney.

Agnes B. Dickinson brought the \$3,000,000 action as a taxpayer, seeking damages for the state from 30 "hot mix" paving contractors on the ground that the highway department was fraudulently overcharged for road material.

The settlement released about \$130,000 due contractors who sold the material to the state. Settlement efforts started more than a year ago. It was estimated it would have required at least ten months to try the suit.

Attorneys must apply to the court within ten days for their fees. A tribunal of six judges will set the amounts to be deducted from \$80,000. What is left will go to the state treasury. Of the \$81,631 settlement, court costs totaled \$1,631.

A court entry announcing the settlement said in part:

"This offer is made by the defendant contractors by way of compromise and upon the condition that the offer shall not be considered or construed as any admission whatsoever of any liability by any of the defendants, and upon the further condition that the injunction heretofore entered herein on July 21, 1932, shall be dissolved."

### Kent Man Traffic Victim

RAVENNA, Oct. 29.—Harold G. Tinker, 30, of Kent, died at Robinson Memorial hospital yesterday of injuries received in a head-on collision on Route 5 between Kent and Ravenna Saturday evening.

Tinker was the county's 53rd traffic victim of 1941.

### War Veteran Killed

LANCASTER, Oct. 29.—An automobile struck and fatally injured Emmitt L. Karsner, 46, a World war veteran and landscape gardener, last night.

## CITY WATER BASINS TO BE CLEANED OUT

Service Director Charles T. Kennedy announced today that his workmen were starting to clean the basins at the waterworks pumping station and that the job probably would take two days and nights.

The operations, he pointed out, may cause some disturbance in the lines but that this would be avoided, if at all possible.

The semi-annual task of flushing the fire hydrants in the city will commence Saturday or Sunday, he added, but work will be suspended Monday so that the water would not be disturbed on "wash day."

### Store Manager Dies

NEW YORK, Oct. 29.—Benjamin M. Weiss, 45, a native of Newton Falls, O., and managing director of Dey Brothers, Syracuse department store, fell dead on a Manhattan sidewalk, apparently from a heart attack. He formerly was general manager of the Gimbel Brothers store in Milwaukee.
